

Halloween/Fall Festival Plastic Egg Program

Hi, My name is Bill Ayers. My dad and mom started Ayers Distributing, distributor of filled plastic eggs in 1993. In 1996, they started to promote filled plastic eggs for use in Halloween events. Of course Easter is big for using plastic eggs, but Halloween has become our 2nd most popular egg event. Some potential uses:

1. Egg Haunt- Eggs hidden around a trail, corn maze, or as mass event as at Easter
2. Egg Scramble- especially appropriate for 2 or 3 year old children. Mix the eggs into a pile of leaves and watch the leaves fly.
3. Pumpkin patch- giving an egg or 2 with the sale of each pumpkin or calling the eggs "pumpkin seeds"
4. Hayride- providing a toy or candy filled plastic egg
5. Trunk or treat – pass them out or perhaps you have your own ideas.

The eggs are made in the U.S. and filled by special needs individuals.

A lot of kids missed out at Easter so they'll especially be excited this year about obtaining a filled egg.

Here's our program:

Circle Type	# of cases	Extended Cost
250 toy or candy Halloween filled eggs _____	x \$45 = _____	
500 toy or candy Halloween filled eggs _____	x \$85 = _____	
1000 toy or candy Halloween filled eggs _____	x \$139= _____
